Title : “RNTCP – DOTS - scheme has saved my life and enabled me to act as health educator in disseminate the TB information “ Interview conducted by Mr. Alexander A, President, TDHPS+ interview on 26th, May, 2011

Summary:

I am residing in the above mentioned area and have been infected by HIV as my husband died last 4 year back due to HIV. During the initial period, I was in complete stage of bed ridden and not able to move within my house.

This was Identified by the ORW (TDHPS+) of Tiruvannamalai District HIV Positive Society and the president TDHPS+ they counseled me as I have the TB syndrome and helped me to take treatment in TB centre of Tiruvannamalai where I had taken the treatment and helped me to have complete cure and I am very much thankful to the RNTCP- DOTS program and this was deeply recorded in my mind to extend the help to the person who is likely get into the infection of TB

In one day, I learnt that Tiruvannamalai District HIV Positive Society and REACH – AXSHYA program which is committed to the cause of TB Program through the President of the Tiruvannamalai District HIV Positive society (TDHPS+). As part of their regular program, They had jointly (Tiruvannamalai District HIV Positive society TDHPS+ and REACH) organized one day orientation on TB for the HIV positive people and in which , I was one of the participants and learnt the many things on TB and MDR TB . After that, I slowly helped to counsel the people like me to take Tb screening and used to disseminate the information on TB centre and DMC.

This new initiative came to the knowledge of the president of the Tiruvannamalai district HIV Positive society and he asked me to get fully involve in this activity as health educator in promoting the awareness among all sections of the people and now , I am taking this information to all people like me and to the general community. I record my whole hearted thanks to the President of the Tiruvannamalai District HIV Positive Society.

- We do Awareness Program to General Public
 - We do awareness for General Public through Deepam Festival Awareness programme, World AIDS Day celebration, Fork media programme, RRC programme and world TB Day celebration
- We attend the NGO Co-Ordination Meeting and District Advisory Committee Meeting

We create rapport with Government and Non Government Organization

Projects at DLN a Glance:

Sl:No	Project	Objective	Project Period	Supported by
1	Promoting Access To Care & Treatment	Treatment Adherence & Support Net Group	April 2010 to March 2012	Population Foundation of India

Background of PACT Project

Project Goal

To complement the National Programme in improving the survival and quality of life of PLHIV.

Objectives:

- To provide psycho-social support to PLHIV and address issues of stigma and discrimination
- To enhance the linkages between testing and ART service provision centres in order to increase the tracking of PLHIV to treatment, care and support services
- To promote follow-up of PLHIV initiated on ART to increase compliance to treatment adherence through appropriate follow-up mechanisms
- To develop and strengthen linkages for enhancing the health needs of PLHIV, including sexual and reproductive health
- To create an enabling environment, improve access to social security schemes and income opportunities for PLHIV

Strategies :

Objective 1: To provide psycho-social support to PLHIV and address issues of stigma and discrimination

The first objective is to enable the development of community systems to provide psycho-social support to PLHIV. This will largely be done through Support Net and advocacy at the district level.

- Formation of support-net at block level
- Peer counselling and support
- Generating the block wise list of clients from the CMIS for follow-up
- Outreach at the village levels
- Peer education to promote adherence and positive living quality
- Identifying the gaps and issues
- Advocacy to address stigma and discrimination at various settings
- Strengthening the support net
- Support-net monthly meetings on economic opportunities and activities.
- Collection of savings and deposits
- Selection of group economic activities on viabilities and potential
- Raising capital and credit for selected economic activities

Current HIV statistics at Tiruvannamalai

- The Tiruvannamalai District consists of 24,68,965 in population
- 6,500 is the estimated PLHIV in the district of Tiruvannamalai
- 2,510 PLHIV have been registered in Tiruvannamalai ART center.
- 1,316 PLHIV are Adhering to ART.

Children enrolled in our network. Total 145 Children

Major Advocacy done

1. **Advocacy issue :** Revathy HIV infected person admitted the CCC hospital at the time she was expired. Revathy parents had taken revathy body in ambulance go to native place on the way ambulance accident Revathy parents died revathy body very damaged. Revathy relative creative the problem in the CCC Hospital at the time CCC hospital manger and DPM asked to TDHPS+ president this problem face it.

With whom: : TDHPS+ president speak to revathy relative and counseling they are accepted and problem solved

Outcome of the advocacy: Tamil Nadu chief minister declare road accident death revathy parents issue the relief fund each one lakh rupees and CCC Hospital management taken from revathy funeral expense.

Any activities related Sustainability? Future plan for sustainability?

- We will apply 12A and 80G
- We will plan to create Support Net Group formation.
- Try to get vocational training for PLHA's
- Strengthening the Children welfare fund's through women's forum
- We will computerized the accounts using Tally
- We will arrange for network own building
- We will arrange for Children higher education through trust
- We motivate the people to take ART without Defaulter.
- To sustainability through Support Net for own business

Challenges faced? Way to overcome the challenges? Expectation to overcome the Challenges?

There is no list provided from Defaulter

Whether quality of PLHA Life improved or not?

1. Vencent Pal Sabai distributed 31 members bed sheet and rice. Beneficiaries is 20 Members Support net members and 11 members Non support members
2. Belongs to Tiruvannamalai District HIV Positive Society, we recommended 8 member and The District Collector to give (TAHDCO Loan) small Scale Industry (Petty Shop, Milch Animal and Cutpiece loan)

We recommended District collector had investigated about this matter and ordered to give Rs.10.000 Freely for her dated on 16-12-2010

Conclusion

Through the Promoting Access to Care and Treatment Project we are sustainable Documentation, Referral Linkages, Capacity Building, CMIS, Support net group formed and programme We are also able to identify more and more people living with HIV/AIDS day by day and able to provide the core components that is Networking, Advocacy and service delivery.
